**Kate Kinsella, Ed.D.** is a teacher educator at San Francisco State University and a highly sought-after speaker and consultant to school districts and state departments throughout the U.S. regarding development of academic language and literacy across the K-12 subject areas. Her 30 year career focus has been equipping youths from diverse backgrounds with the communication, reading and writing skills to be career and college ready. A consummate "teacher's teacher", Dr. Kinsella maintains active K-12 classroom involvement by writing and implementing curriculum, co-teaching lessons, and providing practical mentoring for teachers and instructional coaches. She is particularly proud of the research validated and extensively implemented programs she has written to support English learners in making academic strides: *READ 180*, *English 3D*, and the *Academic Vocabulary Toolkit*.

**Institute Description:** Drawing from research and extensive classroom practice, Dr. Kinsella will focus on a core set of potent instructional routines appropriate for any ELD curriculum, content area, or grade level. Participants, ideally in site-based teams, will leave with extensive practical print and digital resources to support lesson delivery.

Essential Academic Language Development instructional routines including effective ways to:

- Engage learners at every English proficiency level in academic discussions
- Facilitate productive student interaction and collaboration with clear language targets
- Assign response frames that model and scaffold competent communication
- Encourage thoughtful elaboration and justification during lesson discussions
- Guide students in constructing brief written responses using academic register
- Integrate accountable listening tasks with clear language targets
- Set up lesson tasks with verbal clarity, visual support, and requisite modeling
- Provide mindful modeling of academic register throughout lesson delivery
- Check for comprehension of lesson expectations and focal content
- Monitor language production during student interactions and class discussions

Comments from a recent workshop:

- The information was practical and insightful, as well as applicable to not just ELLs but all students.
- I thoroughly enjoyed the explicit guidance in teaching writing for college/career readiness
- Practical information that can be implemented easily and immediately
- I liked the modeling because I saw how the process should be executed
- Content was relevant. Dr. Kinsella is fun and informative.
- Dr. Kinsella is wonderful!
